WHITE DIAMOND CREAM

Luxurious skin care

A rich yet lightweight collagen day cream with an advanced formula containing up to 30% collagen and up to four types of hyaluronic acid. Formulated with patented GEL TRAP® technology for perfect daily care of mature skin. Thanks to its innovative ingredients, the cream restores the skin's ideal moisture level, stimulates the synthesis of new collagen fibres, effectively protects against free radicals and reduces imperfections. Skin is quickly visibly rejuvenated

- nourished, smoother, more supple, deeply hydrated and radiantly healthy.

KEY INGREDIENTS

Collagen Hydrate – deeply hydrates, fills wrinkles and improves skin elasticity.

Native Fish Collagen – hydrates, nourishes and regenerates the skin, improving elasticity and firmness.

Hydrolysed collagen in a silica core complex
– has an anti-ageing and protective effect, smoothing out fine lines and wrinkles.

Hyaluronic Acid Complex – a combination of four types of hyaluronic acid, forming a 4D spatial network that increases hydration levels in both the outer and deeper layers of the skin.

Pearl Extract – tones, perfectly brightens and lightens dark spots, giving the skin a beautiful colour, inhibits elastase activity.

Squalane – a natural component of human sebum that maintains proper skin hydration.

Jellyfish Glycosaminoglycans – provide intense hydration by stimulating the synthesis of hyaluronic acid, protecting epidermal cells from oxidative stress and UV rays. They have an anti-ageing effect by fighting free radicals, improving epidermal reconstruction and the penetration of active ingredients.

BENEFITS OF THE CREAM

- Extremely light, silky texture for comfortable application.
- Immediate and long-lasting hydration, ideal for mature skin.
- Eliminates the feeling of tightness and dryness, providing relief from the first application.
- Absorbs quickly without leaving a sticky feeling, perfect as a make-up base.

TESTS SHOW

**After 4 weeks of use,
100% of volunteers showed:**

- Intense hydration of the skin
- Smoothing and levelling of the skin surface
- Softening of the epidermis
- Improved skin firmness and elasticity
- Improved skin tone (lifting effect)
- Improves and evens out skin tone
- Restores the skin's radiant appearance

WHITE DIAMOND CREAM
Your daily dose of skin luxury
and youthful radiance

USE

This cream is intended for mature skin in need of intensive care and protection against external factors. Ideal for those wishing to restore the skin's youthful appearance and radiance.

HOW TO USE

Apply every morning to cleansed face and neck. Gently massage with circular movements until completely absorbed. For best results, use with other products in the White Diamond line.

PRECAUTIONS

Store at room temperature, away from direct sunlight, in a dry and shady place, out of the reach of small children. Avoid contact with eyes.

EFFECT

- **Instant hydration and smoothing**
- thanks to the hyaluronic acid complex
- **Restores elasticity and firmness**
- thanks to a high content of different forms of active fish collagen
- **Protection from oxidative stress**
- with squalane and glycosaminoglycans from jellyfish
- **Brightens and evens out skin tone**
- thanks to pearl extract
